INTERESTS

Cooking, traveling, volunteer work and photography.

MINUTES

**MINUTES OF MEETING
SADDLE CREEK PRESERVE OF POLK COUNTY
COMMUNITY DEVELOPMENT DISTRICT**

The regular meeting of the Board of Supervisors of the Saddle Creek Preserve of Polk County Community Development District was held **Tuesday, February 25, 2025** at 1:00 p.m. at The Hampton Inn – Lakeland, 4420 North Socrum Loop Road, Lakeland, Florida.

Present and constituting a quorum:

| | |
|------------------|---------------------|
| Lori Campagna | Chairperson |
| Erica Miro Smith | Vice Chairperson |
| Kelly Evans | Assistant Secretary |
| Abby Morrobel | Assistant Secretary |
| Sean Finotti | Assistant Secretary |

Also present were:

| | |
|---------------|------------------------------------|
| Monica Virgen | District Manager, GMS |
| Grace Rinaldi | District Counsel, Kilinski Van Wyk |
| Allen Bailey | Field Manager, GMS |

The following is a summary of the discussions and actions taken at the February 25, 2025 Saddle Creek Preserve of Polk County Community Development District's Board of Supervisors Meeting.

FIRST ORDER OF BUSINESS

Roll Call

Ms. Virgen called the meeting to order at 1:00 p.m. and called roll. Five Board members were present constituting a quorum.

SECOND ORDER OF BUSINESS

Public Comment Period

Ms. Virgen opened the public comment period for agenda items. There being no comments, next item followed.

THIRD ORDER OF BUSINESS

**Approval of Minutes of the January 28, 2025
Board of Supervisors Meeting**

Ms. Virgen presented the minutes from the January 28, 2025 Board of Supervisors meeting and asked for any comments, corrections, or changes.

On MOTION by Ms. Campagna, seconded by Ms. Miro, with all in favor, the Minutes of the January 28, 2025 Board of Supervisors Meeting, were approved.

FOURTH ORDER OF BUSINESS

Public Hearings

A. Public Hearing on the Adoption of Amended and Restated Rules Relating to Overnight Parking and Parking Enforcement

Ms. Virgen asked for a motion to open the public hearing.

On MOTION by Ms. Evans, seconded by Ms. Miro, with all in favor, Opening the Public Hearing, was approved.

Ms. Virgen asked if there were any members of the public who would like to comment on the parking rules.

- Serrano Carven (1633 Red Loop) – commented on cul de sac parking overnight.
- Lunie Ridore – stated they would like one side of road parking.
- Aimee Porras (1897 Red Loop) – stated they would like one side of road parking.
- Marie Bestman – commented that they would like one side of road parking.

On MOTION by Ms. Campagna, seconded by Ms. Morrobel, with all in favor, Closing the Public Hearing, was approved.

i. Consideration of Resolution 2025-06 Adopting Amended and Restated Rules Relating to Overnight Parking and Parking Enforcement

Ms. Virgen stated this resolution is on page 16 of the agenda package. Immediately following the resolution are the rules. The map is on page 22 of the agenda. She noted this addresses oversized vehicles, abandoned vehicles, the green space, corners and lift stations. There is no overnight parking at the amenity. There are no restrictions to parking on the cul-de-sac or the roadways at any time.

On MOTION by Ms. Campagna, seconded by Ms. Miro, with all in favor, Resolution 2025-06 Adopting Amended and Restated Rules relating to Overnight Parking and Parking Enforcement, was approved.

ii. Consideration of Proposal for Installation of Parking Signage

Ms. Virgen reviewed the GMS signage proposal. Ms. Campagna noted 82 signs is a substantial cost and will just junk up the community. Ms. Virgen advised that the Board should consider signs to avoid issues with improper towing of vehicles. No action was taken on this item.

B. Public Hearing on the Adoption of Amended Amenity Rates & Disciplinary Rule

Ms. Virgen asked for a motion to open the public hearing for adoption of the amended amenity rates and disciplinary rule.

On MOTION by Ms. Campagna, seconded by Ms. Miro, with all in favor, Opening the Public Hearing, was approved.

Ms. Rinaldi noted there hasn't been any changes since this was last presented to the Board in December. Ms. Virgen opened the public comment period.

Resident – asked if there will be overnight parking at the pool.

Miguel Morrobel – asked if hover boards and electric scooters can be added to section F.

Vanessa Freitas – asked if this is just strictly for the pool area. Kids have been playing rough on fences. Ms. Virgen noted this includes all areas that are considered amenities within the District.

On MOTION by Ms. Evans, seconded by Ms. Morrobel, with all in favor, Closing the Public Hearing, was approved.

i. Consideration of Resolution 2025-07 Adopting Amended Amenity Rates & Disciplinary Rule

Ms. Campagna asked if the open common space area on Yellow Trail should be included in this because it is being used as an amenity. Ms. Rinaldi noted she can add in specification that the amenity policy is also applied to that open space tract.

On MOTION by Ms. Evans, seconded by Ms. Miro, with all in favor, Resolution 2025-07 Adopting Amended Amenity Rates & Disciplinary Rule, was approved as amended.

FIFTH ORDER OF BUSINESS

**Consideration of Proposals for
Supplemental Planting and Signage in
Wetland Mitigation Area**

Ms. Virgen noted the map is on page 56 and the proposals start on page 57 of the agenda package. She presented proposals from Horner to install supplemental plantings to bring the wetland back into compliance for \$3,500 and for installation of 13 signs around mitigation areas 1-3 for \$750. This item was tabled, no action was taken.

SIXTH ORDER OF BUSINESS**Update Regarding Pool Leak at Amenity Center (*requested by Supervisor Morrobel*)**

Ms. Virgen noted an E-blast was sent to residents informing them that the original site contractor is working on those repairs. A second meter is being added. Updates on this will be communicated with residents through E-blast.

SEVENTH ORDER OF BUSINESS**Consideration of Request for Community Road Assessment (*requested by Supervisor Morrobel*)**

Ms. Morrobel suggested having the entire neighborhood evaluated. Ms. Virgen suggested contacting the District Engineer for a proposed cost to evaluate the neighborhood roads. This item was tabled for the next meeting.

EIGHTH ORDER OF BUSINESS**Consideration of Request for One-Time Community Clean-Up (*requested by Supervisor Morrobel*)**

Ms. Morrobel would like to have residents come together and do a one-time cleanup once construction is complete. Ms. Rinaldi noted all participants would be required to sign a waiver.

NINTH ORDER OF BUSINESS**Consideration of Facility Use Agreement for Resident Requested Event in Open Space Area on Yellow Trail on April 19, 2025**

Ms. Virgen noted a resident has requested an event (neighborhood potluck) in the open space area on Yellow Trail on Saturday April 19, 2025. Ms. Campagna is okay with this as long as the form is in accordance with the new amenity policies.

On MOTION by Ms. Campagna, seconded by Ms. Miro, with all in favor, the Facility Use Agreement for Resident Requested Event in Open Space Area on Yellow Trail on April 19, 2025, was approved.

TENTH ORDER OF BUSINESS

Presentation of Arbitrage Rebate Report for Series 2022 Project Bonds

Ms. Virgen noted the Arbitrage Report is on page 66 of the agenda package. Page 4 of the report shows a negative arbitrage amount which shows the District is not earning more interest than they pay on the bonds.

On MOTION by Ms. Evans, seconded by Ms. Miro, with all in favor, the Arbitrage Rebate Report for Series 2022 Project Bonds, was approved.

ELEVENTH ORDER OF BUSINESS

Ratification of Amended and Restated Engineering Services Agreement

Ms. Virgen stated the Board approved an updated fee schedule at the last meeting. This agreement was updated with the new schedule so just needs to be ratified.

On MOTION by Ms. Campagna, seconded by Ms. Evans, with all in favor, the Amended and Restated Engineering Services Agreement, was approved.

TWELFTH ORDER OF BUSINESS

Staff Reports

A. Attorney

Ms. Rinaldi had nothing to report but reminded the Board the portability of Sunshine Law and Public Records Law to social media and the internet.

B. Engineer

Ms. Virgen noted the engineer is not on the line today.

C. Field Manager's Report

Mr. Bailey reviewed the Field Management Report.

i. Presentation of Field Management Community Sidewalk Review Report

Mr. Bailey reviewed the Field Management Community Sidewalk Review Report. Mr. Finotti noted a heavy buildup of fertilizer will cause discoloration of the sidewalks. Mr. Finotti noted that Lennar would be repairing sidewalks within the District.

ii. Consideration of Proposal for Management of Pond Turbidity from Sitex Aquatics

Mr. Bailey presented a proposal from Sitex to go out and evaluate and try to address turbidity of the pond for \$13,340. No action was taken at this time.

D. District Manager's Report

i. Approval of Check Register

Ms. Virgen presented the check register from January 16, 2025 through February 12, 2025 totaling \$618,367.10. Immediately following is a detailed run summary.

On MOTION by Ms. Evans, seconded by Ms. Miro, with all in favor, the Check Register totaling \$618,367.10, was approved.

ii. Balance Sheet and Income Statement

Ms. Virgen stated the unaudited financials are through January 31, 2025. These financials are provided for informational purposes. No Board action required.

THIRTEENTH ORDER OF BUSINESS

Other Business

Mr. Finotti will go through the community and repair all damaged sidewalks. He will get a proposal together that is on Lennar to repair sidewalks. The curb will be done when the county comes out for the bond punch list which is when he will address any curb issues that the county suggests they address.

FOURTEENTH ORDER OF BUSINESS

Supervisors Requests and Audience Comments

Supervisors Comments:

Ms. Campagna would like to request through the CDD or HOA resumes from potential Board members as they would like to resign in May. Ms. Virgen will send an eblast regarding potential vacancies coming up.

Public Comments:

Ms. Virgen opened public comment on anything within the community.

- **Serrano (1633 Red Loop)** asked to add a light at the dog park. Is cul-de-sac parking allowed?
Ms. Virgen answered yes, it is allowed.

- **Veronica Thomas (1934 Red Loop)** stated that school buses causing congestion in the community. The Board reminded residents that they do not have the ability to change bus routes. Residents can request that through the transportation department of the school system.
- **Resident (1604 Red Loop)** stated that water is pooling in front of her home, water coming from her lot. Mr. Finotti will have someone come out and take a look.
- **Lachelle Webster (1928 Red Loop)** expressed concerns about excessive speeding.
- **Danielle (4215 Bridal Booster)** asked about supplemental plantings for wetlands.
- **Diane Williams (1530 Landmark)** stated they had Frontier cable issues, children have been in lakes, why is a cleanup liability form needed? What is turbidity?
- **Yahaira (2045 Old Pasture Ln.)** asked if they will sod where they destroyed residents' property when digging more holes. Asked for the Board to obtain cheaper proposals.
- **Marie Bestman** – commented about speeding, unhappy the pool isn't open, school bus congestion, memo about dog leash.
- **Miguel Morrobel** – asked to get another proposal for wetland plantings and a community billboard.

FIFTEENTH ORDER OF BUSINESS

Adjournment

Ms. Virgen adjourned the meeting.

| |
|---|
| On MOTION by Ms. Campagna, seconded by Ms. Evans, with all in favor, the meeting was adjourned. |
|---|

Secretary/Assistant Secretary

Chairman/Vice Chairman

SECTION V

SADDLE CREEK PRESERVE OF POLK COUNTY COMMUNITY DEVELOPMENT DISTRICT
AMENDED AND RESTATED
RULES RELATING TO OVERNIGHT PARKING AND PARKING ENFORCEMENT

In accordance with Chapter 190, *Florida Statutes*, and on February 25, 2025, at a duly noticed public meeting, the Board of Supervisors of the Saddle Creek Preserve of Polk County Community Development District (“District”) adopted the following policy to govern overnight parking and parking enforcement on certain District property (the “Rule or Policy”). This Policy repeals and supersedes all prior rules and/or policies governing the same subject matter.

SECTION 1. INTRODUCTION. The District finds that Oversized Vehicles, Vehicles, Vessels, Recreational Vehicles, and Abandoned/Broken-Down Vehicles (hereinafter defined) on certain of its property cause hazards and danger to the health, safety and welfare of District residents, paid users and the public. This Rule is intended to provide the District with a means to remove such Oversized Vehicles, Vehicles, Vessels, Recreational Vehicles, and Abandoned/Broken-Down Vehicles which are parked in a manner which violates this Rule. This Rule does not govern parking on private residential lots.

SECTION 2. DEFINITIONS.

- A.** *Oversized Vehicle.* As used herein, “Oversized Vehicle” shall mean the following:
 - a. Any Vehicle or Vessel heavier or larger in size than a one-ton, dual rear wheel pick-up truck;
 - b. Motor Vehicles with a trailer attached;
 - c. Motor coaches;
 - d. Travel trailers, camping trailers, park trailers, fifth-wheel trailers, semi-trailers, or any other kind of trailer;
 - e. Mobile homes or manufactured homes.
- B.** *Vehicle.* Any mobile item which normally uses wheels, whether motorized or not. This term shall include Oversized Vehicles, Recreational Vehicles, and Abandoned/Broken-Down Vehicles.
- C.** *Vessel.* Every description of watercraft, barge, or airboat used or capable of being used as a means of transportation on water.
- D.** *Recreational Vehicle.* A vehicle designed for recreational use, which includes motor homes, campers and trailers relative to same.
- E.** *Abandoned/Broken-Down Vehicle.* A vehicle that has no license plate, has expired registration, is visibly not operational, or has not moved for a period of seven (7) days.

- F. *Parked.* A Vehicle, Vessel or Recreational Vehicle left unattended by its owner or user or attended by its owner or user but kept stationary for a period of an hour or more.
- G. *Tow-Away Zone.* District property for which the District is authorized to initiate a towing and/or removal action.
- H. *Overnight.* Between the hours of 10:00 p.m. and 6:00 a.m. daily.

SECTION 3. ESTABLISHMENT OF TOW-AWAY ZONES. Those areas within the District's boundaries identified as grass common areas, amenity parking, mailbox parking, and roadways as depicted at **Exhibit A**, which is incorporated herein by reference, are hereby established as "Tow-Away Zones" for all Oversized Vehicles, Vessels, Recreational Vehicles, and Abandoned/Broken-Down Vehicles (together, "**Tow-Away Zones**"), enforceable subject to the Rules set forth herein.

SECTION 4. PARKING RULES.

- A. **OVERNIGHT PARKING.** Vehicles and Vessels of any kind may not Park Overnight in District Tow-Away Zones.
- B. **DAYTIME PARKING.** Vehicles and Vessels may be Parked in Tow-Away Zones on roadways only when actively loading or unloading. Abandoned/Broken-Down Vehicles may not be Parked in Tow-Away Zones at any time. Parking on grass common areas is not permitted at any time.
- C. **MANNER OF PARKING.** Vehicles and Vessels of any kind may not be Parked such that they utilize additional spaces, block access to District property, prevent the safe and orderly flow of traffic, obstruct the ability of emergency vehicles to access roadways or property, cause damage to the District's property, restrict the normal operation of the District's business, or otherwise poses a danger to the District, its residents and guests, the general public, or the property of same. All Parking must comply with all state and local laws and ordinances.

SECTION 5. TOWING/REMOVAL PROCEDURES.

- A. **SIGNAGE AND LANGUAGE REQUIREMENTS.** Notice of the Tow-Away Zones shall be posted on District property in the manner set forth in Section 715.07, *Florida Statutes*.
- B. **TOWING/REMOVAL AUTHORITY.** The District may tow/remove any Vehicle or Vessel improperly Parked in a Tow-Away Zone at the owner's expense. The Vehicle or Vessel shall be towed/removed by the towing service in accordance with Florida law, specifically the provisions set forth in Section 715.07, *Florida Statutes*.
- C. **AGREEMENT WITH AUTHORIZED TOWING SERVICE.** The District Manager is hereby authorized to enter into and maintain an agreement with a firm authorized

by Florida law to tow/remove unauthorized vehicles and in accordance with Florida law and with the policies set forth herein.

- D. AMENITY SUSPENSION.** The District may, in its discretion, suspend the amenity privileges of the owner or operator of any Vehicle or Vessel Parked in violation of this Rule, in accordance with the District's adopted *Suspension and Termination of Access Rule*.

SECTION 6. PARKING AT YOUR OWN RISK. Vehicles, Vessels or Recreational Vehicles may be Parked on District property pursuant to this Rule, provided however that the District assumes no liability for any theft, vandalism and/or damage that might occur to personal property and/or to such vehicles.

SECTION 7. AMENDMENTS; DESIGNATION OF ADDITIONAL TOW-AWAY ZONES. The Board in its sole discretion may amend these Rules Related to Overnight Parking and Parking Enforcement from time to time to designate new Tow-Away Zones as the District acquires additional common areas. Such designations of new Tow-Away Zones and Designated Parking Areas are subject to proper signage and notice prior to enforcement of these rules in such areas.

SECTION VI

Mar 10, 2025

Good morning, Monica,

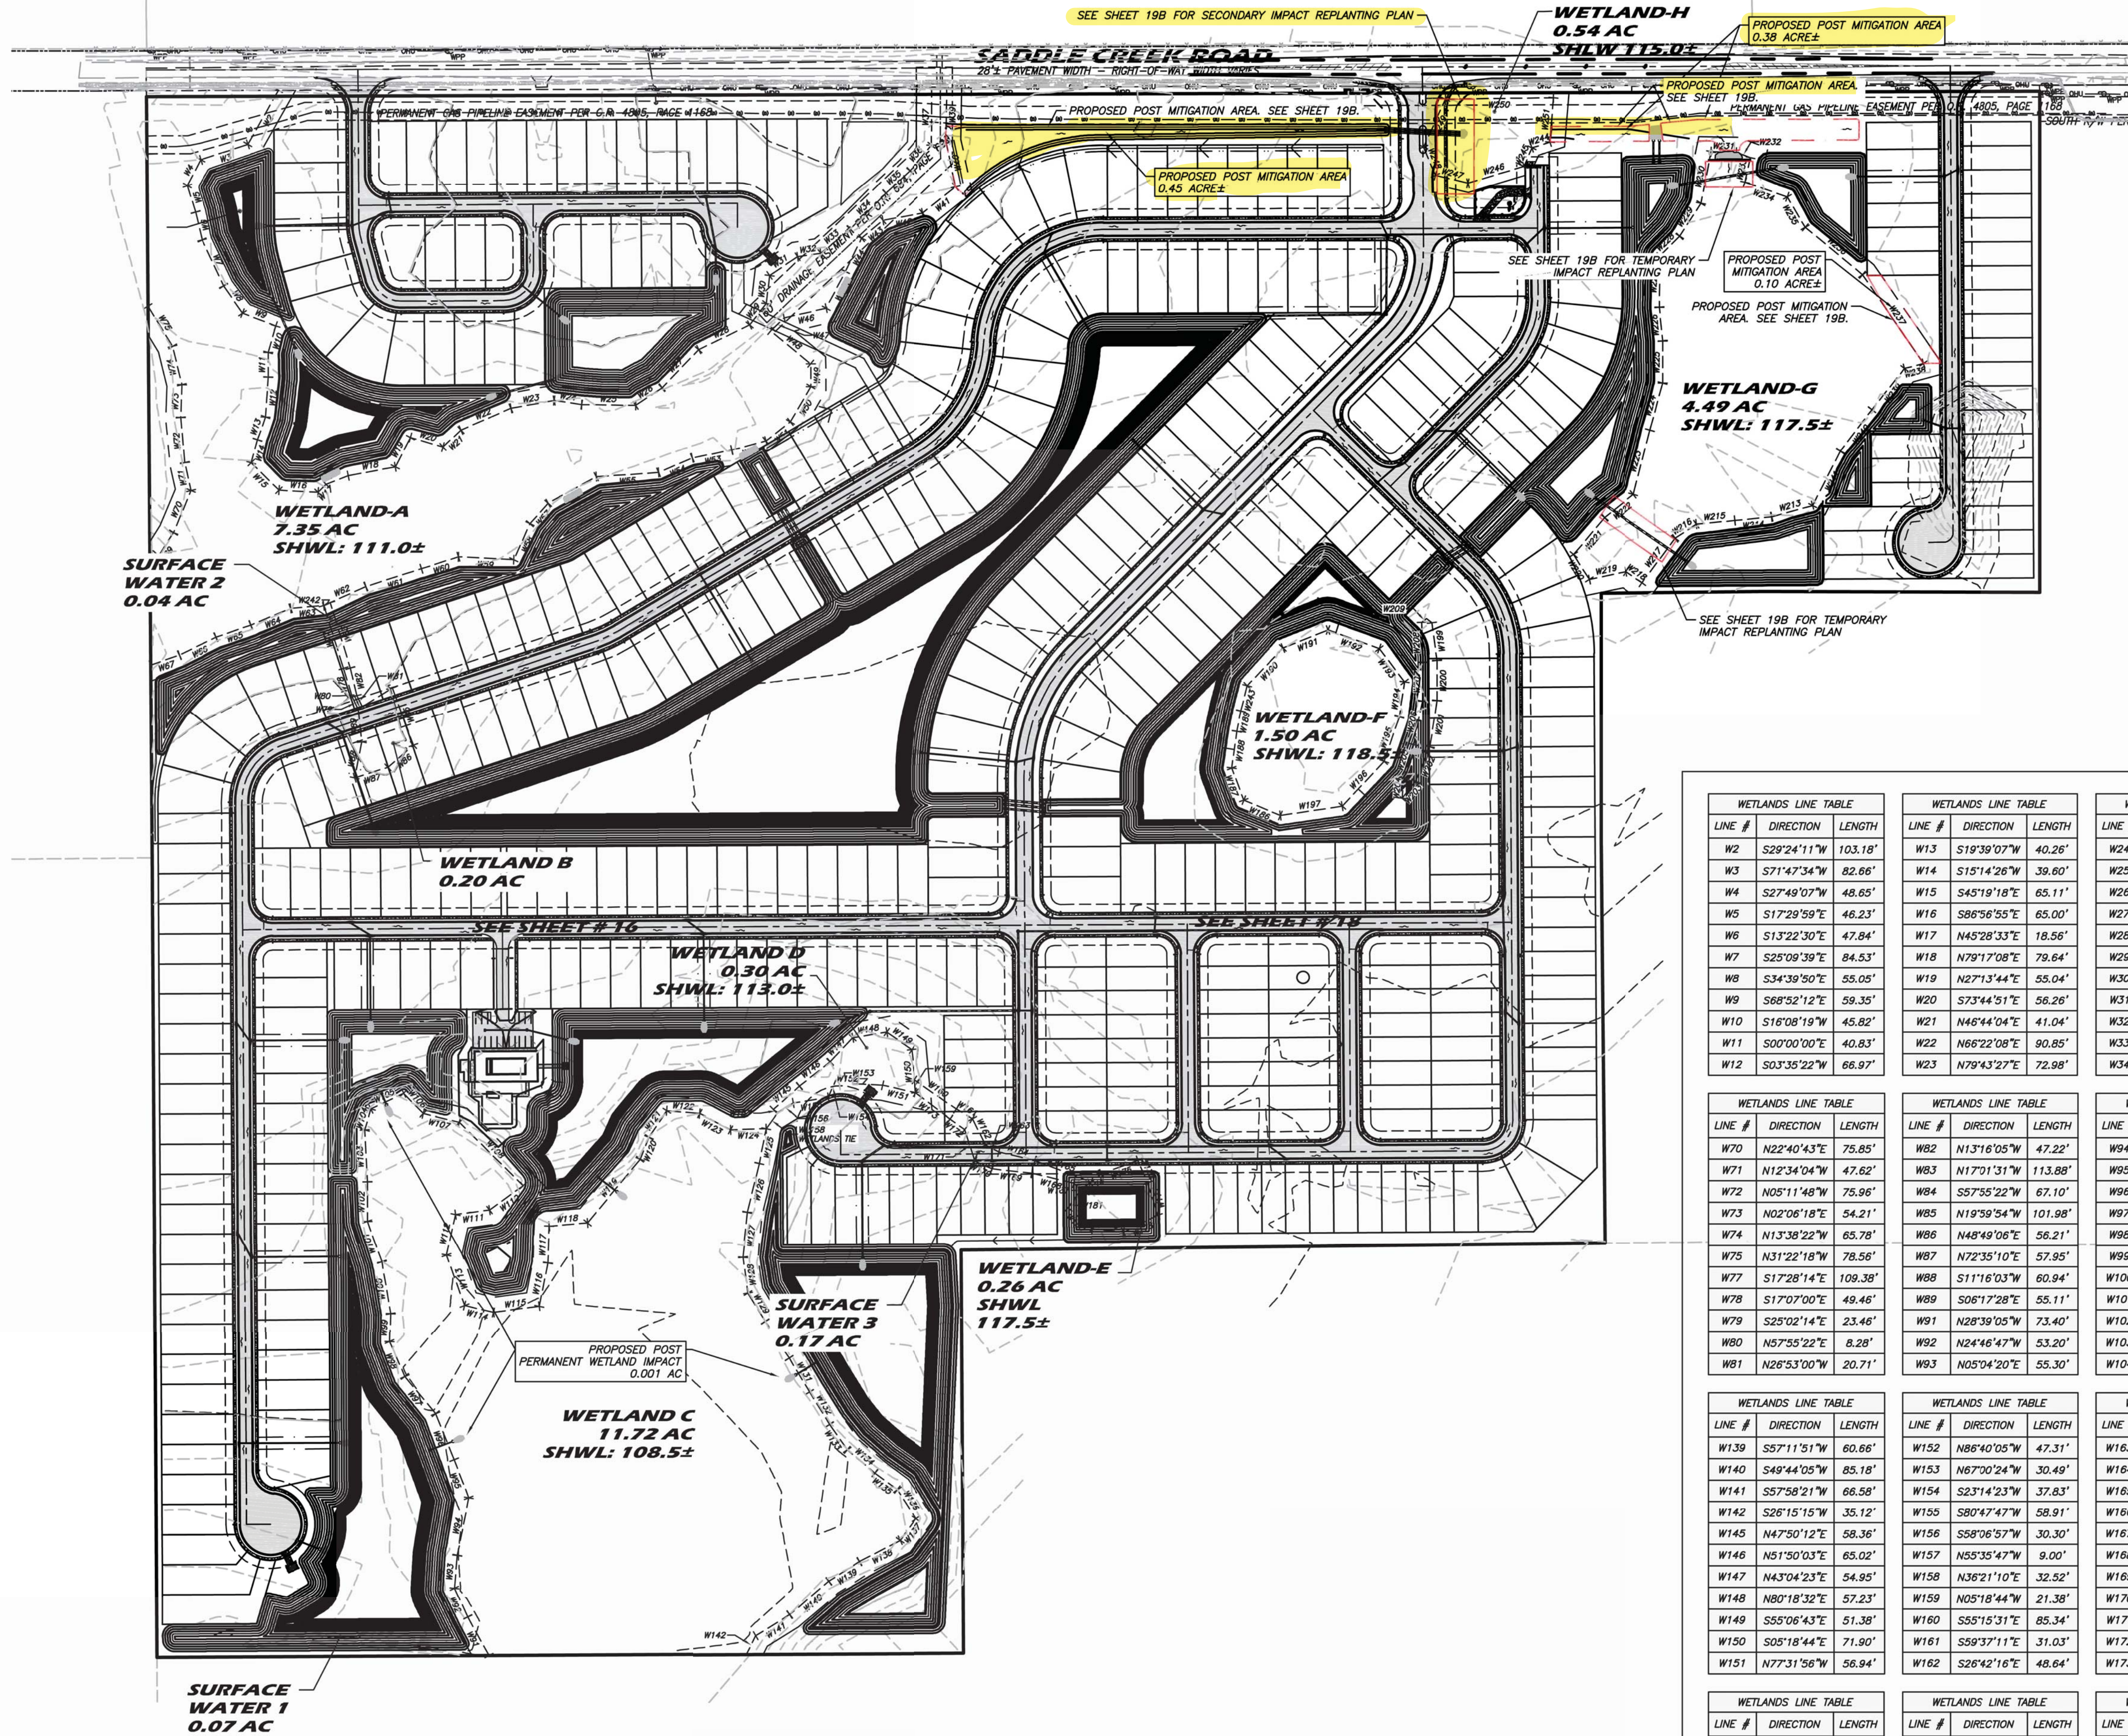

I am a resident of Saddle Creek Community, and unfortunately, as has been mentioned before, we consistently experience fast drivers. I noticed that throughout the community, there is only one-speed limit sign (at the front entrance) and no 25-mph speed limit sign on Red Loop (where I reside). We need more speed limit signs installed and posted throughout the community, especially where children are playing. The most recent email regarding this issue was insensitive and did not provide any realistic solution regarding this ongoing speeding problem. I am also requesting "children are playing" signage throughout the community.

Thank You,

Lachelle Webster

NOT CONSIDERED FINAL UNTIL ALL AGENCY PERMITS ARE RELEASED AND APPROVED FOR CONSTRUCTION.
NOT VALID WITHOUT SEAL
This plan has been electronically signed and sealed by the Professional Engineer and Surveyor. The seal and signature are required for the plan to be valid. The Professional Engineer and Surveyor are responsible for the accuracy of the information provided on this plan. The user of this plan is responsible for verifying the accuracy of the information provided on this plan.

DANIEL P. KOVACS, P.E. #64168 DATE

WETLANDS & MITIGATION PLAN

SADDLE CREEK PRESERVE
POLK COUNTY, FL.

E.P.A. POLLUTION PREVENTION PLAN

1. EROSION CONTROL PLAN - ANY MODIFICATIONS TO THIS PLAN MUST BE SIGNED AND SEALED BY A PROFESSIONAL ENGINEER REPRESENTING THE CONTRACTOR. THE MODIFICATIONS MUST BE APPROVED BY THE DEPARTMENT AND THE PERMITTING AGENCY. NO CONTRACT DELAYS WILL BE ALLOWED FOR SUCH MODIFICATIONS OR APPROVALS.
2. OUTFALL PROTECTION - PROJECT PIPE OR DITCH DISCHARGES INTO OFF-SITE OUTFALLS SHALL BE INSPECTED DAILY FOR POSSIBLE SEDIMENT BUILDUP OR TRANSPORT. OUTFALLS SHALL BE PROTECTED THROUGH USE OF ENVIRONMENTAL CONTROL FEATURES AS NECESSARY TO CONTAIN ANY SEDIMENT LOSS TO THE IMMEDIATE AREA OF THE PROJECT. ANY SEDIMENT BUILDUP OR TRANSPORT OFF-SITE SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO REMEDY. THE CONTRACTOR SHALL USE APPROPRIATE FEATURES AS DIRECTED BY THE PROJECT ENGINEER FOR OUTFALL PROTECTION.
3. SLOPE PROTECTION - ANY DISTURBED OR REWORKED SLOPES 3:1 OR GREATER SHALL BE ADEQUATELY PROTECTED FROM EROSION THROUGH THE USE OF TEMPORARY SODDING UNTIL PERMANENTLY STABILIZED. SUCH SLOPES SHALL NOT BE LEFT UNPROTECTED MORE THAN 24 HOURS OR DURING RAINFALL EVENTS.
4. HAY BALES - THESE SHALL BE PLACED AT THE BASE OF ANY SLOPE WHERE A RAINFALL EVENT COULD ERODE A SLOPE AND TRANSPORT SEDIMENTS OFF-SITE. BALES SHALL BE DOUBLE STAKED IN ACCORDANCE WITH STANDARD INDEXES. IF EROSION DEPOSITS REACH THE TOP ELEVATION OF EXISTING BALES, THEN SEDIMENTS SHOULD BE REMOVED. ANY DAMAGED OR INEFFECTIVE BALES ARE TO BE REPLACED WITH NEW ONES. THE

- LOCATION OF HAY BALES INSTALLATION SHALL BE AS DIRECTED BY THE PROJECT ENGINEER.
5. A BACK OF SIDEWALK OR MEDIAN INLETS - THESE SHALL BE PROTECTED FROM SEDIMENT INTAKE UNTIL PROJECT IS COMPLETE. ELEVATION OF GROUND OUTSIDE INLET TOP SHALL NOT BE HIGHER THAN INLET TOP. HAY BALES SHALL BE INSTALLED AROUND INLET TOP.
 6. SECOND ROW OF BALES SHALL BE PLACED AROUND INLET APPROXIMATELY 4" OUTSIDE FIRST ROW. BETWEEN ROWS THERE SHALL BE A DEPRESSION TO ACT AS A SEDIMENT BASIN. COMPLETED INLETS IN PAVED AREAS SHALL ALSO BE PROTECTED WITH A SINGLE LINE OF BALES TO PREVENT SEDIMENT INTAKE FROM OTHER AREAS.
 7. CURB INLETS - THESE INLETS SHALL BE PROTECTED FROM SEDIMENT INTAKE UNTIL THE PROJECT IS COMPLETE. A SILT FENCE (TYPE 111) SHALL BE PLACED AROUND THE PERIMETER OF THE INLET OPENING IMMEDIATELY ADJACENT TO THE EDGE OF THE INLET. ALL EXPOSED SLOPED MATERIAL ADJACENT TO INLET SHALL BE COVERED WITH EROSION CONTROL MATTING WITH OUTER LIMITS PROTECTED BY A SINGLE ROW OF HAY BALES.
 8. STOCKPILED MATERIALS - THIS MATERIAL SHALL NOT BE LEFT IN EROSION PRONE AREAS UNLESS PROTECTED BY COVER OR HAY BALES.
 9. DAILY INSPECTION - OF ALL EROSION CONTROL MEASURES AND CONDITION OF ADJACENT PROPERTIES SHALL BE PERFORMED BY THE CONTRACTOR REPRESENTATIVE AND THE PROJECT ENGINEER. DEFICIENCIES SHALL BE NOTED AND CORRECTED.

EROSION AND SEDIMENT CONTROL BEST MANAGEMENT PRACTICES FOR POND AND SWALE RETENTION AREAS

1. INSPECT BANKS AND SLOPES FOR CONFORMANCE WITH DESIGN, SHAPE AND SIZE. RE-GRADE IF REQUIRED, TO MAINTAIN DESIGN CONFIGURATION.
2. MOW RETENTION AREAS REGULARLY TO MAINTAIN WEED AND OVERGROWTH CONTROL. DO NOT MOW BOTTOM AREAS OF WET RETENTION SYSTEMS.
3. INSPECT RETENTION AREAS PERIODICALLY FOR ACCUMULATION OF DEBRIS AND TRASH AND REMOVE SAME AS REQUIRED.
4. PERIODICALLY INSPECT RETENTION AREA BOTTOMS FOR DEPOSITS OF SAND AND/OR SILT ACCUMULATION AND REMOVE SAME, IF FOUND TO EXIST.
5. PERCOLATION PERFORMANCE SHALL BE EVALUATED ON AN ANNUAL BASIS WITHIN EACH DRY RETENTION AREA. DRY RETENTION AREAS SHALL PERCOLATE DRY WITHIN 36 HOURS OF THE END OF RAINFALL. IN THE EVENT OF INADEQUATE PERCOLATION, RETENTION AREAS BOTTOM MAINTENANCE SHALL BE PERFORMED BY EXERCISING THE FOLLOWING PROCEDURE:
 - A. REMOVE 4 TO 6 INCHES OF RETENTION AREA BOTTOM MATERIAL AND SCARIFY EXCAVATED BOTTOM.
 - B. REPLACE EXCAVATED MATERIAL WITH CLEAN SAND MATERIAL TO DESIGN GRADE AND SOD OR SEED AND MULCH PER ORIGINAL

DRAINAGE NOTE DURING CONSTRUCTION PERIOD EROSION/SEDIMENT CONTROL

THE CONTRACTOR IS TO PROVIDE EROSION CONTROL/SEDIMENTATION BARRIER (HAY BALES OR SILTATION CURTAIN) TO PREVENT SILTATION OF ADJACENT PROPERTY, ON SITE WETLANDS, STREETS, STORM SEWERS AND WATERWAYS. IN ADDITION, CONTRACTOR SHALL PLACE STRAW, MULCH OR OTHER SUITABLE MATERIAL ON GROUND IN AREAS WHERE CONSTRUCTION RELATED TRAFFIC IS TO ENTER AND EXIT THE SITE. IF, IN THE OPINION OF THE ENGINEER AND/OR LOCAL AUTHORITIES, EXCESSIVE QUANTITIES OF EARTH ARE TRANSPORTED OFF-SITE EITHER BY NATURAL DRAINAGE OR BY VEHICULAR TRAFFIC, THE CONTRACTOR IS TO REMOVE AND CLEAN SAID EARTH TO THE SATISFACTION OF THE ENGINEER AND/OR AUTHORITIES.

NOTE: ALL THE PONDS & SWALES WILL BE BUILT IN PHASE-1.

NOTICE

CONTRACTOR TO EXERCISE EXTREME CAUTION DURING EXCAVATION IN AREA OF EXISTING GAS MAIN.

UNSUITABLE MATERIAL NOTE

WHERE MUCK, ROCK CLAY, AND/OR OTHER UNSUITABLE MATERIAL IS ENCOUNTERED WITHIN THE LIMITS OF CONSTRUCTION, THAT MATERIAL SHALL BE EXCAVATED AND BACKFILLED WITH SUITABLE MATERIAL.

DEWATERING NOTE

PRIOR TO THE INSTALLATION OF ANY UNDERGROUND UTILITY ALL DETENTION PONDS SHALL BE CONSTRUCTED. IF ANY DEWATERING IS REQUIRED, TO INSTALL UNDERGROUND UTILITIES, SUCH AS LIFT STATION, MANHOLES, OR SANITARY SEWER PIPES, THE DEWATERING SHALL BE PIPED INTO THE DETENTION PONDS TO BE PERCOLATED BACK INTO THE GROUND. AT NO TIME SHALL WATER BE ALLOWED TO TOP OVER THE TOP OF THE PONDS.

EXISTING GAS MAIN NOTE

CHAPTER 553.851 OF THE FLORIDA STATUTES REQUIRES THAT AN EXCAVATOR NOTIFY ALL GAS UTILITIES A MINIMUM OF TWO WORKING DAYS PRIOR TO EXCAVATING. MAPS SHOW ONLY THE APPROXIMATE LOCATION OF GAS MAINS OR SERVICE LINES. THE ONLY SAFE AND PROPER WAY TO LOCATE GAS FACILITIES IS BY AN ON-SITE INSPECTION BY GAS SYSTEM PERSONNEL. THEREFORE, EXCAVATORS ARE INSTRUCTED TO TELEPHONE O.U.I.S. AT 1-800-432-4770 TWO WORKING DAYS BEFORE DIGGING IN A CONSTRUCTION AREA. CONTRACTOR SHALL EXERCISE EXTREME CAUTION DURING ALL EXCAVATION/INSTALLATION/CONSTRUCTION ACTIVITIES IN AREA OF GAS MAIN.

EXISTING UTILITIES NOTES

IT IS THE CONTRACTORS RESPONSIBILITY TO LOCATE ALL ABOVE GROUND AND UNDERGROUND UTILITIES, WHETHER SHOWN ON THESE PLANS OR NOT, PRIOR TO COMMENCEMENT OF WORK. THERE IS A STATEWIDE "ONE CALL" UTILITY LOCATION SERVICE. CONTRACTOR SHALL DIAL 811 48 HOURS PRIOR TO COMMENCING WORK. CONTRACTOR SHALL NOTIFY ENGINEER IMMEDIATELY IF ANY CONFLICTS OCCUR SO THAT DESIGN MAY BE ADJUSTED.

ALSO BE ADVISED THAT EACH CONTRACTOR DIGGING WITHIN (AND, AS ANY PART OF) THIS DEVELOPMENT MUST OBTAIN A LOCATE FOR OTHER UTILITIES, AND MUST BE CALLED IN AND KEPT CURRENT THROUGHOUT THE CONSTRUCTION OF THIS DEVELOPMENT. FAILURE TO KEEP THE LOCATE CURRENT COULD RESULT IN A STOPPAGE OF WORK OR THE ISSUANCE OF A CITATION PER CHAPTER 556 FLORIDA STATUTE.

CALL 48 HOURS BEFORE YOU DIG

IT'S THE LAW! DIAL 811

Dear Permittee(s):

The Southwest Florida Water Management District (District) has completed its review of the application for Environmental Resource Permit. Based upon a review of the information you have submitted, the District hereby gives notice of its intended approval of the application.

The File of Record associated with this application can be viewed at <http://www18.swfwmd.state.fl.us/erp/erp/search/ERPSearch.aspx> and is also available for inspection Monday through Friday, except for District holidays, from 8:00 a.m. through 5:00 p.m. at the District's Tampa Service Office, 7601 U.S. Highway 301 North, Tampa, Florida 33637.

If you have any questions or concerns regarding the application or any other information, please contact the Environmental Resource Permit Bureau in the Tampa Service Office.

Sincerely,

David Kramer, P.E.

Dear Permittee(s):

The Southwest Florida Water Management District (District) is in receipt of your application for the Environmental Resource Permit. Based upon a review of the information you submitted, the application is approved.

Please refer to the attached Notice of Rights to determine any legal rights you may have concerning the District's agency action on the permit application described in this letter.

If approved construction plans are part of the permit, construction must be in accordance with these plans. These drawings are available for viewing or downloading through the District's Application and Permit Search Tools located at www.WaterMatters.org/permits.

The District's action in this matter only becomes closed to future legal challenges from members of the public if such persons have been properly notified of the District's action and no person objects to the District's action within the prescribed period of time following the notification. The District does not publish notices of agency action. If you wish to limit the time within which a person who does not receive actual written notice from the District may request an administrative hearing regarding this action, you are strongly encouraged to publish, at your own expense, a notice of agency action in the legal advertisement section of a newspaper of general circulation in the county or counties where the activity will occur. Publishing notice of agency action will close the window for filing a petition for hearing. Legal requirements and instructions for publishing notices of agency action, as well as a noticing form that can be used, are available from the District's website at www.WaterMatters.org/permits/noticing. If you publish notice of agency action, a copy of the affidavit of publication provided by the newspaper should be sent to the District's Tampa Service Office for retention in this permit's File of Record.

If you have any questions or concerns regarding your permit or any other information, please contact the Environmental Resource Permit Bureau in the Tampa Service Office.

Sincerely,

David Kramer, P.E.
Bureau Chief

**SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT
ENVIRONMENTAL RESOURCE
INDIVIDUAL CONSTRUCTION
PERMIT NO. 43044474.000**

EXPIRATION DATE: April 21, 2025

PERMIT ISSUE DATE: April 21, 2020

This permit is issued under the provisions of Chapter 373, Florida Statutes, (F.S.), and the Rules contained in Chapter 62-330, Florida Administrative Code, (F.A.C.). The permit authorizes the Permittee to proceed with the construction of a surface water management system in accordance with the information outlined herein and shown by the application, approved drawings, plans, specifications, and other documents, attached hereto and kept on file at the Southwest Florida Water Management District (District). Unless otherwise stated by permit specific condition, permit issuance constitutes certification of compliance with state water quality standards under Section 401 of the Clean Water Act, 33 U.S.C. 1341. All construction, operation and maintenance of the surface water management system authorized by this permit shall occur in compliance with Florida Statutes and Administrative Code and the conditions of this permit.

PROJECT NAME: Saddle Creek Preserve

GRANTED TO: Brooklane Development, LLC
Attn: Scott Shapiro
301 W. Platt Street, Suite 671
Tampa, FL 33606

OTHER PERMITTEES: N/A

ABSTRACT: This permit authorization is for the construction of a stormwater management system serving a 141.80-acre residential project. The proposed activities include the construction of lots, associated roads, and infrastructure. Fourteen new wet detention ponds and one attenuation-only system will provide treatment and attenuation for runoff from the site. The project is located on the south side of Saddle Creek Road, approximately two miles west of its intersection with Polk Parkway, in Polk County.

OP. & MAIN. ENTITY: Saddle Creek Preserve of Polk County Homeowners Association, Inc

OTHER OP. & MAIN. ENTITY: N/A

COUNTY: Polk

SEC/TWP/RGE: S02/T28S/R24E, S11/T28S/R24E, S12/T28S/R24E, S01/T28S/R24E

TOTAL ACRES OWNED

OR UNDER CONTROL: 141.80

PROJECT SIZE: 141.80 Acres

LAND USE: Residential

DATE APPLICATION FILED: December 18, 2019

AMENDED DATE: N/A

I. Water Quantity/Quality

| POND No. | Area Acres @ Top of Bank | Treatment Type |
|-----------|--------------------------|------------------------|
| Pond 1A | 0.63 | MAN-MADE WET DETENTION |
| Pond 1B | 1.14 | MAN-MADE WET DETENTION |
| Pond 1C | 1.07 | MAN-MADE WET DETENTION |
| Pond 2 | 1.32 | MAN-MADE WET DETENTION |
| Pond 2A | 0.53 | MAN-MADE WET DETENTION |
| Pond 3A | 8.17 | MAN-MADE WET DETENTION |
| Pond 3B | 2.68 | MAN-MADE WET DETENTION |
| Pond 3C | 1.58 | MAN-MADE WET DETENTION |
| Pond 3D | 0.91 | MAN-MADE WET DETENTION |
| Pond 3E | 0.46 | MAN-MADE WET DETENTION |
| Wetland G | 4.33 | NO TREATMENT SPECIFIED |
| Pond 4 | 2.84 | MAN-MADE WET DETENTION |
| Pond 5 | 2.64 | MAN-MADE WET DETENTION |
| Pond 6A | 0.90 | MAN-MADE WET DETENTION |
| Pond 6B | 3.05 | MAN-MADE WET DETENTION |
| | Total: 32.25 | |

Water Quantity/Quality Comments: The proposed ponds provide treatment for runoff from the site via wet detention. The system provides attenuation of the post-development 25-year, 24-hour peak discharge rate to the pre-development 25-year, 24-hour peak discharge rate. The plans and calculations reflect the North American Vertical Datum of 1988 (NAVD 88).

A mixing zone is not required.

A variance is not required.

II. 100-Year Floodplain

| Encroachment (Acre-Feet of fill) | Compensation (Acre-Feet of excavation) | Compensation Type | Encroachment Result* (feet) |
|-------------------------------------|--|----------------------|--------------------------------|
| 17.29 | 0.00 | Storage Modeling | N/A |

Floodplain Comments: Onsite floodplain elevations have been established by the Lake Hancock Watershed Model. Encroachment into the 100-year floodplain has been demonstrated to have no adverse impacts on offsite locations by dynamic stormwater modeling.

*Depth of change in flood stage (level) over existing receiving water stage resulting from floodplain encroachment caused by a project that claims Minimal Impact type of compensation.

III. Environmental Considerations

Wetland/Other Surface Water Information

| Wetland/Other Surface Water Name | Total Acres | Not Impacted Acres | Permanent Impacts | | Temporary Impacts | |
|--|----------------|--------------------------|-------------------|---------------------|-------------------|---------------------|
| | | | Acres | Functional Loss* | Acres | Functional Loss* |
| Wetland A | 7.35 | 7.35 | 0.00 | 0.00 | 0.00 | 0.00 |
| Wetland B | 0.20 | 0.00 | 0.20 | 0.07 | 0.00 | 0.00 |
| Wetland C | 11.72 | 11.71 | 0.01 | 0.00 | 0.00 | 0.00 |
| Wetland D | 0.30 | 0.30 | 0.00 | 0.00 | 0.00 | 0.00 |
| Wetland E | 0.26 | 0.00 | 0.26 | 0.11 | 0.00 | 0.00 |
| Wetland F | 1.50 | 1.50 | 0.00 | 0.00 | 0.00 | 0.00 |
| Wetland G | 4.49 | 4.40 | 0.02 | 0.01 | 0.07 | 0.00 |
| Wetland H | 0.54 | 0.43 | 0.11 | 0.11 | 0.00 | 0.00 |
| OSW 1 | 0.07 | 0.00 | 0.07 | 0.00 | 0.00 | 0.00 |
| OSW 2 | 0.04 | 0.00 | 0.04 | 0.00 | 0.00 | 0.00 |
| OSW 3 | 0.17 | 0.00 | 0.17 | 0.00 | 0.00 | 0.00 |
| Total: | 26.64 | 25.69 | 0.88 | 0.30 | 0.07 | 0.00 |

* For impacts that do not require mitigation, their functional loss is not included.

Wetland/Other Surface Water Comments:

There are 26.36 acres of wetlands (FLUCCS 641, 617, and 621) located within the project area for this ERP. Permanent filling/dredging impacts to 0.60 acre of Wetlands B, C, E, G, and H (FLUCCS 641, 617, and 621) will occur for construction of A residential subdivision. Permanent filling/dredging impacts to 0.59 acre of qualifying wetlands were evaluated using the Uniform Mitigation Assessment Method (UMAM) as required pursuant to Chapter 62-345, F.A.C. The results of the UMAM analysis indicate a functional loss of 0.30 units due to the permanent impacts proposed. Temporary filling/dredging impacts to 0.07 acres of Wetland G will occur for construction of stormwater pipes. There are 0.28 acre of other surface waters features (FLUCCS 510), consisting of 0.28 acre of upland-cut ditches, located within the project area. Permanent filling impacts to 0.28 acre of the project surface waters will occur for construction of a residential subdivision.

Mitigation Information

| Name | Creation | | Enhancement | | Preservation | | Restoration | | Enhancement +Preservation | | Other | |
|---------------|-------------|--------------------|-------------|--------------------|--------------|--------------------|-------------|--------------------|------------------------------|--------------------|-------------|--------------------|
| | Acres | Functional Gain | Acres | Functional Gain | Acres | Functional Gain | Acres | Functional Gain | Acres | Functional Gain | Acres | Functional Gain |
| M-1 | 0.45 | 0.15 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 |
| M-2 | 0.40 | 0.13 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 |
| M-3 | 0.10 | 0.03 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 |
| Total: | 0.95 | 0.31 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 | 0.00 |

Mitigation Comments:

Wetland mitigation for permanent filling/dredging impacts will be provided by the onsite creation of 0.95 acre of wetlands (FLUCCS 641), totaling 0.95 acre of combined wetland mitigation. The results of the UMAM analysis indicate a functional gain of 0.31 units which offsets the 0.30 units of functional loss proposed to wetland habitat.

Wetland mitigation will not be required for permanent filling/dredging impacts to 0.01 acre of wetlands pursuant to Subsection 10.2.2 of the ERP Applicant's Handbook Vol. I. Under this Section, wetland mitigation is not required for impacts that have been determined to be de minimis to fish, wildlife and listed species.

Wetland mitigation is not required for permanent filling impacts to the upland cut ditches pursuant to Subsection 10.2.2.2 of the ERP Applicant's Handbook Vol. I. Under this Subsection, wetland mitigation is not required for impacts to drainage ditches that were constructed in uplands and do not provide significant habitat for threatened or endangered species and were not constructed to divert natural stream flow.

Re-vegetation of the temporarily impacted wetland areas is to occur in accordance with the specific conditions of this permit.

In order to provide reasonable assurance that the project will not cause adverse secondary impacts to wetlands, as described in Subsection 10.2.7 of the Applicant's Handbook Volume I, wetland buffer plantings are required in this permit as shown on Sheet 19B of the permitted construction plans. The supplemental wetland buffer plantings will provide the District with reasonable assurance that the project will not have adverse secondary impacts to the adjacent wetlands.

The Uniform Mitigation Assessment Method analysis resulted in an excess of 0.01 functional gain units which may be used by Brooklane Development, LLC. within the Peace River Basin.

Specific Conditions

1. If the ownership of the project area covered by the subject permit is divided, with someone other than the Permittee becoming the owner of part of the project area, this permit may be terminated, unless the terms of the permit are modified by the District or the permit is transferred pursuant to Rule 40D-1.6105, F.A.C. In such situations, each land owner shall obtain a permit (which may be a modification of this permit) for the land owned by that person. This condition shall not apply to the division and sale of lots or units in residential subdivisions or condominiums.
2. The Permittee shall retain the design professional registered or licensed in Florida, to conduct on-site observations of construction and assist with the as-built certification requirements of this project. The Permittee shall inform the District in writing of the name, address and phone number of the design professional so employed. This information shall be submitted prior to construction.

3. **WETLAND MITIGATION SUCCESS CRITERIA MITIGATION AREAS M-1 (0.45 ac.)**

Mitigation is expected to offset adverse impacts to wetlands and other surface waters caused by regulated activities and to achieve viable, sustainable ecological and hydrological wetland functions. Wetlands constructed for mitigation purposes will be considered successful and will be released from monitoring and reporting requirements when the following criteria are met continuously for a period of at least one year without intervention in the form of irrigation or the addition or removal of vegetation.

- a. The mitigation area can reasonably be expected to develop into a Freshwater Marsh (FLUCCS 641) as determined by the Florida Land Use and Cover and Forms Classification System (third edition; January 1999).
- b. Topography, water depth and water level fluctuation in the mitigation area are characteristic of the wetlands/surface water type specified in criterion "a."
- c. Planted or recruited herbaceous or shrub species (or plant species providing the same function) shall meet the criteria specified:

Zone: Upper
Percent Cover: 80 percent
Species: *Iris hexagona*, *Canna flaccida*, *Eleocharis cellulosa*, *Panicum hemitomon*

Zone: Lower
Percent Cover: 80 percent
Species: *Eleocharis cellulosa*, *Pontederia cordata*, *Sagittaria lancifolia*, *Scirpus validus*
- d. Species composition of recruiting wetland vegetation is indicative of the wetland type specified in criterion "a."
- e. Coverage by nuisance or exotic species does not exceed 5 percent at any area within the mitigation site and 5 percent for the entire mitigation site.
- f. The wetland mitigation area can be determined to be a wetland or other surface water according to Chapter 62-340, F.A.C.

The mitigation area may be released from monitoring and reporting requirements and be deemed successful at any time during the monitoring period if the Permittee demonstrates that the conditions in the mitigation area have adequately replaced the wetland and surface water functions affected by the regulated activity and that the site conditions are sustainable.

4. **WETLAND MITIGATION SUCCESS CRITERIA MITIGATION AREA M-2 and M-3 (0.40 ac., 0.10 ac.)**

Mitigation is expected to offset adverse impacts to wetlands and other surface waters caused by regulated

activities and to achieve viable, sustainable ecological and hydrological wetland functions. Wetlands constructed for mitigation purposes will be considered successful and will be released from monitoring and reporting requirements when the following criteria are met continuously for a period of at least one year without intervention in the form of irrigation or the addition or removal of vegetation.

a. The mitigation area can reasonably be expected to develop into a freshwater marsh (FLUCCS 641) as determined by the Florida Land Use and Cover and Forms Classification System (third edition; January 1999).

b. Topography, water depth and water level fluctuation in the mitigation area are characteristic of the wetlands/surface water type specified in criterion "a."

c. Planted or recruited herbaceous or shrub species (or plant species providing the same function) shall meet the criteria specified:

Zone: Upper

Percent Cover: 80

Species: *Eleocharis cellulosa*, *Panicum hemitomon*

Zone: Mid

Percent Cover: 80

Species: *Sagittaria lancifolia*, *pontederia cordata*

Zone: Lower

Percent Cover: 80

Species: *Scirpus validus*, *Thalia geniculata*

d. Species composition of recruiting wetland vegetation is indicative of the wetland type specified in criterion "a."

e. Coverage by nuisance or exotic species does not exceed 5 percent at any area within the mitigation site and 5 percent for the entire mitigation site.

f. The wetland mitigation area can be determined to be a wetland or other surface water according to Chapter 62-340, F.A.C.

The mitigation area may be released from monitoring and reporting requirements and be deemed successful at any time during the monitoring period if the Permittee demonstrates that the conditions in the mitigation area have adequately replaced the wetland and surface water functions affected by the regulated activity and that the site conditions are sustainable.

5. The Permittee shall monitor and maintain the wetland mitigation areas until the criteria set forth in the Wetland Mitigation Success Criteria Conditions above are met. The Permittee shall perform corrective actions identified by the District if the District identifies a wetland mitigation deficiency.
6. The Permittee shall undertake required maintenance activities within the wetland mitigation areas as needed at any time between mitigation area construction and termination of monitoring, with the exception of the final year. Maintenance shall include the manual removal of all nuisance and exotic species, with sufficient frequency that their combined coverage at no time exceeds the Wetland Mitigation Success Criteria Conditions above. Herbicides shall not be used without the prior written approval of the District.
7. The permittee, prior to beneficial use of the site must submit an as-built survey of the wetland mitigation areas certified by a registered surveyor or professional engineer showing dimensions, grades, ground elevations, water surface elevations, and species composition, numbers and densities. Upon District inspection and approval of the mitigation areas, the monitoring program shall be initiated with the date of the District field inspection being the construction completion date of the mitigation areas. Monitoring events shall occur between March 1 and November 30 of each year. An Annual Wetland Monitoring Report shall be submitted upon the anniversary date of District approval to initiate monitoring.

Annual reports shall provide documentation that a sufficient number of maintenance inspection/activities were conducted to maintain the mitigation areas in compliance according to the Wetland Mitigation Success Criteria Conditions above. Note that the performance of maintenance inspections and maintenance activities will normally need to be conducted more frequently than the collection of other monitoring data to maintain the mitigation areas in compliance with the Wetland Mitigation Success Criteria Conditions above. Monitoring Data shall be collected semi-annually.

8. Termination of monitoring for the wetland mitigation areas shall be coordinated with the District by:
 - a. notifying the District in writing when the criteria set forth in the Wetland Mitigation Success Criteria Conditions have been achieved;
 - b. submitting documentation, including the date, that all maintenance activities in the wetland mitigation areas have been suspended including, but not limited to, irrigation and addition or removal of vegetation; and
 - c. submitting a monitoring report to the District one year following the written notification and suspension of maintenance activities.

Upon receipt of the monitoring report, the District will evaluate the wetland mitigation site(s) to determine if the Mitigation Success Criteria Conditions have been met and maintained. The District will notify the Permittee in writing of the evaluation results. The Permittee shall perform corrective actions for any portions of the wetland mitigation areas that fail to maintain the criteria set forth in the Wetland Mitigation Success Criteria Conditions.

9. Following the District's determination that the wetland mitigation has been successfully completed, the Permittee shall operate and maintain the wetland mitigation areas such that they remain in their current or intended condition for the life of the system. The Permittee must perform corrective actions for any portions of the wetland mitigation areas where conditions no longer meet the criteria set forth in the Wetland Mitigation Success Criteria Conditions.
10. The Permittee shall, prior to beneficial use of the site, complete all aspects of the mitigation plan, including the grading, mulching, and planting, in accordance with the design details in the final approved construction drawings.
11. The Permittee shall commence construction of the mitigation areas within 30 days of wetland impacts, if wetland impacts occur between February 1 and August 31. If wetland impacts occur between September 1 and January 31, construction of the mitigation area(s) shall commence by March 1. In either case, construction of the mitigation areas shall be completed within 120 days of the commencement date unless a time extension is approved in writing by the District.
12. Wetland buffers shall remain in an undisturbed condition except for approved drainage facility construction/maintenance. No owner of property within the subdivision may perform any work, construction, maintenance, clearing, filling or any other type of activities within the wetlands, wetland mitigation areas, wetland buffers, or buffer compensation areas, described in the approved permit and recorded plat of the subdivision, unless prior approval is received from the Southwest Florida Water Management District.
13. The following boundaries, as shown on the approved construction drawings, shall be clearly delineated on the site prior to initial clearing or grading activities:
 - a. wetland and surface water areas
 - b. wetland buffers
 - c. limits of approved wetland impacts
 - d. construction access for mitigation areas

The delineation shall endure throughout the construction period and be readily discernible to construction and District personnel.

14. The following language shall be included as part of the deed restrictions for each lot:

"No owner of property within the subdivision may construct or maintain any building, residence, or structure, or undertake or perform any activity in the wetlands, wetland mitigation areas, or buffer areas, described in the approved permit and recorded plat of the subdivision, unless prior approval is received from the Southwest Florida Water Management District."

15. Rights-of-way and easement locations necessary to construct, operate and maintain all facilities, which constitute the permitted stormwater management system, and the locations and limits of all wetlands, wetland buffers, upland buffers for water quality treatment, 100-year floodplain areas and floodplain compensation areas, shall be shown on the final plat recorded in the County Public Records. Documentation of this plat recording shall be submitted to the District with the As-Built Certification and Request for Conversion to Operational Phase Form, and prior to beneficial occupancy or use of the site.
16. Copies of the following documents in final form, as appropriate for the project, shall be submitted to the Regulation Division:
- a. homeowners, property owners, master association or condominium association articles of incorporation, and
 - b. declaration of protective covenants, deed restrictions or declaration of condominium
- The Permittee shall submit these documents with the submittal of the Request for Transfer of Environmental Resource Permit to the Perpetual Operation Entity form.
17. The following language shall be included as part of the deed restrictions for each lot:
- "Each property owner within the subdivision at the time of construction of a building, residence, or structure shall comply with the construction plans for the stormwater management system approved and on file with the Southwest Florida Water Management District."
18. If limestone bedrock is encountered during construction of the stormwater management system, the District must be notified and construction in the affected area shall cease.
19. The Permittee shall notify the District of any sinkhole development in the stormwater management system within 48 hours of discovery and must submit a detailed sinkhole evaluation and repair plan for approval by the District within 30 days of discovery.
20. The Permittee has entered into a contract to purchase the property covered by this permit. Failure to transfer ownership of the project site to Permittee will render this permit null and void.
21. The Permitted Plan Set for this project includes the set received by the District on April 20, 2020.
22. The operation and maintenance entity shall provide for the inspection of the permitted project after conversion of the permit to the operation and maintenance phase. For systems utilizing retention or wet detention, the inspections shall be performed five (5) years after operation is authorized and every five (5) years thereafter.

The operation and maintenance entity must maintain a record of each inspection, including the date of inspection, the name and contact information of the inspector, whether the system was functioning as designed and permitted, and make such record available upon request of the District.

Within 30 days of any failure of a stormwater management system or deviation from the permit, an inspection report shall be submitted using Form 62-330.311(1), "Operation and Maintenance Inspection Certification" describing the remedial actions taken to resolve the failure or deviation.

23. District staff must be notified in advance of any proposed construction dewatering. If the dewatering activity is likely to result in offsite discharge or sediment transport into wetlands or surface waters, a written dewatering plan must either have been submitted and approved with the permit application or submitted to the District as a permit prior to the dewatering event as a permit modification. A water use permit may be required prior to any use exceeding the thresholds in Chapter 40D-2, F.A.C.

24. Off-site discharges during construction and development shall be made only through the facilities authorized by this permit. Water discharged from the project shall be through structures having a mechanism suitable for regulating upstream stages. Stages may be subject to operating schedules satisfactory to the District.
25. The permittee shall complete construction of all aspects of the stormwater management system, including wetland compensation (grading, mulching, planting), water quality treatment features, and discharge control facilities prior to beneficial occupancy or use of the development being served by this system.
26. The following shall be properly abandoned and/or removed in accordance with the applicable regulations:
 - a. Any existing wells in the path of construction shall be properly plugged and abandoned by a licensed well contractor.
 - b. Any existing septic tanks on site shall be abandoned at the beginning of construction.
 - c. Any existing fuel storage tanks and fuel pumps shall be removed at the beginning of construction.
27. All stormwater management systems shall be operated to conserve water in order to maintain environmental quality and resource protection; to increase the efficiency of transport, application and use; to decrease waste; to minimize unnatural runoff from the property and to minimize dewatering of offsite property.
28. Each phase or independent portion of the permitted system must be completed in accordance with the permitted plans and permit conditions prior to the occupation of the site or operation of site infrastructure located within the area served by that portion or phase of the system. Each phase or independent portion of the system must be completed in accordance with the permitted plans and permit conditions prior to transfer of responsibility for operation and maintenance of that phase or portion of the system to a local government or other responsible entity.
29. This permit is valid only for the specific processes, operations and designs indicated on the approved drawings or exhibits submitted in support of the permit application. Any substantial deviation from the approved drawings, exhibits, specifications or permit conditions, including construction within the total land area but outside the approved project area(s), may constitute grounds for revocation or enforcement action by the District, unless a modification has been applied for and approved. Examples of substantial deviations include excavation of ponds, ditches or sump areas deeper than shown on the approved plans.
30. This permit does not authorize the Permittee to cause any adverse impact to or "take" of state listed species and other regulated species of fish and wildlife. Compliance with state laws regulating the take of fish and wildlife is the responsibility of the owner or applicant associated with this project. Please refer to Chapter 68A-27 of the Florida Administrative Code for definitions of "take" and a list of fish and wildlife species. If listed species are observed onsite, FWC staff are available to provide decision support information or assist in obtaining the appropriate FWC permits. Most marine endangered and threatened species are statutorily protected and a "take" permit cannot be issued. Requests for further information or review can be sent to FWCConservationPlanningServices@MyFWC.com.
31. A "Recorded notice of Environmental Resource Permit," Form No. 62-330.090(1), shall be recorded in the public records of the County(s) where the project is located.
32. The approved wetland buffer plantings, as shown on Sheet 19B of the construction plans, are required in order to provide the District with reasonable assurance that the project will not have adverse secondary impacts to the adjacent wetlands, as described in Subsection 10.2.7 of the Applicant's Handbook Volume I. The buffer plantings shall be completed prior to the transfer to operation of the facility. The buffer plantings shall meet a success criteria of 80 percent survival and shall be maintained such that they remain in their intended condition for the life of the system.
33. The permittee shall restore the temporary impact areas, as shown on Sheet 19B of the construction plans. The plantings shall be completed prior to the transfer to operation of the facility. The restoration areas shall meet a success criteria of 80 percent survival and shall be maintained such that they remain in their intended condition for the life of the system.

GENERAL CONDITIONS

- 1. The general conditions attached hereto as Exhibit "A" are hereby incorporated into this permit by reference and the Permittee shall comply with them.

David Kramer, P.E.

Authorized Signature

EXHIBIT A

GENERAL CONDITIONS:

- 1 The following general conditions are binding on all individual permits issued under this chapter, except where the conditions are not applicable to the authorized activity, or where the conditions must be modified to accommodate, project-specific conditions.
 - a. All activities shall be implemented following the plans, specifications and performance criteria approved by this permit. Any deviations must be authorized in a permit modification in accordance with Rule 62-330.315, F.A.C., or the permit may be revoked and the permittee may be subject to enforcement action.
 - b. A complete copy of this permit shall be kept at the work site of the permitted activity during the construction phase, and shall be available for review at the work site upon request by the Agency staff. The permittee shall require the contractor to review the complete permit prior to beginning construction.
 - c. Activities shall be conducted in a manner that does not cause or contribute to violations of state water quality standards. Performance-based erosion and sediment control best management practices shall be installed immediately prior to, and be maintained during and after construction as needed, to prevent adverse impacts to the water resources and adjacent lands. Such practices shall be in accordance with the *State of Florida Erosion and Sediment Control Designer and Reviewer Manual (Florida Department of Environmental Protection and Florida Department of Transportation June 2007)*, and the *Florida Stormwater Erosion and Sedimentation Control Inspector's Manual (Florida Department of Environmental Protection, Nonpoint Source Management Section, Tallahassee, Florida, July 2008)*, which are both incorporated by reference in subparagraph 62-330.050(8)(b)5, F.A.C., unless a project-specific erosion and sediment control plan is approved or other water quality control measures are required as part of the permit.
 - d. At least 48 hours prior to beginning the authorized activities, the permittee shall submit to the Agency a fully executed Form 62-330.350(1), "Construction Commencement Notice,"[effective date], incorporated by reference herein (<http://www.flrules.org/Gateway/reference.asp?No=Ref-02505>), indicating the expected start and completion dates. A copy of this form may be obtained from the Agency, as described in subsection 62-330.010(5),F.A.C. However, for activities involving more than one acre of construction that also require a NPDES stormwater construction general permit, submittal of the Notice of Intent to Use Generic Permit for Stormwater Discharge from Large and Small Construction Activities, DEP Form 62-621.300(4)(b), shall also serve as notice of commencement of construction under this chapter and, in such a case, submittal of Form 62-330.350(1) is not required.
 - e. Unless the permit is transferred under Rule 62-330.340, F.A.C., or transferred to an operating entity under Rule 62-330.310, F.A.C., the permittee is liable to comply with the plans, terms and conditions of the permit for the life of the project or activity.
 - f. Within 30 days after completing construction of the entire project, or any independent portion of the project, the permittee shall provide the following to the Agency, as applicable:
 1. For an individual, private single-family residential dwelling unit, duplex, triplex, or quadruplex - "Construction Completion and Inspection Certification for Activities Associated with a Private Single-Family Dwelling Unit" [Form 62-330.310(3)]; or
 2. For all other activities - "As-Built Certification and Request for Conversion to Operation Phase" [Form 62-330.310(1)].
 3. If available, an Agency website that fulfills this certification requirement may be used in lieu of the form.
 - g. If the final operation and maintenance entity is a third party:

1. Prior to sales of any lot or unit served by the activity and within one year of permit issuance, or within 30 days of as- built certification, whichever comes first, the permittee shall submit, as applicable, a copy of the operation and maintenance documents (see sections 12.3 thru 12.3.4 of Volume I) as filed with the Department of State, Division of Corporations and a copy of any easement, plat, or deed restriction needed to operate or maintain the project, as recorded with the Clerk of the Court in the County in which the activity is located.
 2. Within 30 days of submittal of the as- built certification, the permittee shall submit "Request for Transfer of Environmental Resource Permit to the Perpetual Operation and Maintenance Entity" [Form 62-330.310 (2)] to transfer the permit to the operation and maintenance entity, along with the documentation requested in the form. If available, an Agency website that fulfills this transfer requirement may be used in lieu of the form.
- h. The permittee shall notify the Agency in writing of changes required by any other regulatory agency that require changes to the permitted activity, and any required modification of this permit must be obtained prior to implementing the changes.
- i. This permit does not:
1. Convey to the permittee any property rights or privileges, or any other rights or privileges other than those specified herein or in Chapter 62-330, F.A.C.;
 2. Convey to the permittee or create in the permittee any interest in real property;
 3. Relieve the permittee from the need to obtain and comply with any other required federal, state, and local authorization, law, rule, or ordinance; or
 4. Authorize any entrance upon or work on property that is not owned, held in easement, or controlled by the permittee.
- j. Prior to conducting any activities on state-owned submerged lands or other lands of the state, title to which is vested in the Board of Trustees of the Internal Improvement Trust Fund, the permittee must receive all necessary approvals and authorizations under Chapters 253 and 258, F.S. Written authorization that requires formal execution by the Board of Trustees of the Internal Improvement Trust Fund shall not be considered received until it has been fully executed.
- k. The permittee shall hold and save the Agency harmless from any and all damages, claims, or liabilities that may arise by reason of the construction, alteration, operation, maintenance, removal, abandonment or use of any project authorized by the permit.
- l. The permittee shall notify the Agency in writing:
1. Immediately if any previously submitted information is discovered to be inaccurate; and
 2. Within 30 days of any conveyance or division of ownership or control of the property or the system, other than conveyance via a long-term lease, and the new owner shall request transfer of the permit in accordance with Rule 62-330.340, F.A.C. This does not apply to the sale of lots or units in residential or commercial subdivisions or condominiums where the stormwater management system has been completed and converted to the operation phase.
- m. Upon reasonable notice to the permittee, Agency staff with proper identification shall have permission to enter, inspect, sample and test the project or activities to ensure conformity with the plans and specifications authorized in the permit.
- n. If any prehistoric or historic artifacts, such as pottery or ceramics, stone tools or metal implements, dugout canoes, or any other physical remains that could be associated with Native American cultures, or early colonial or American settlement are encountered at any time within the project site area, work involving

subsurface disturbance in the immediate vicinity of such discoveries shall cease. The permittee or other designee shall contact the Florida Department of State, Division of Historical Resources, Compliance and Review Section, at (850) 245-6333 or (800) 847-7278, as well as the appropriate permitting agency office. Such subsurface work shall not resume without verbal or written authorization from the Division of Historical Resources. If unmarked human remains are encountered, all work shall stop immediately and notification shall be provided in accordance with Section 872.05, F.S. (2012).

- o. Any delineation of the extent of a wetland or other surface water submitted as part of the permit application, including plans or other supporting documentation, shall not be considered binding unless a specific condition of this permit or a formal determination under Rule 62-330.201, F.A.C., provides otherwise.
 - p. The permittee shall provide routine maintenance of all components of the stormwater management system to remove trapped sediments and debris. Removed materials shall be disposed of in a landfill or other uplands in a manner that does not require a permit under Chapter 62-330, F.A.C., or cause violations of state water quality standards.
 - q. This permit is issued based on the applicant's submitted information that reasonably demonstrates that adverse water resource-related impacts will not be caused by the completed permit activity. If any adverse impacts result, the Agency will require the permittee to eliminate the cause, obtain any necessary permit modification, and take any necessary corrective actions to resolve the adverse impacts.
 - r. A Recorded Notice of Environmental Resource Permit may be recorded in the county public records in accordance with Rule 62-330.090(7), F.A.C. Such notice is not an encumbrance upon the property.
2. In addition to those general conditions in subsection (1) above, the Agency shall impose any additional project-specific special conditions necessary to assure the permitted activities will not be harmful to the water resources, as set forth in Rules 62-330.301 and 62-330.302, F.A.C., Volumes I and II, as applicable, and the rules incorporated by reference in this chapter.

Notice of Rights

ADMINISTRATIVE HEARING

1. You or any person whose substantial interests are or may be affected by the District's intended or proposed action may request an administrative hearing on that action by filing a written petition in accordance with Sections 120.569 and 120.57, Florida Statutes (F.S.), Uniform Rules of Procedure Chapter 28-106, Florida Administrative Code (F.A.C.) and District Rule 40D-1.1010, F.A.C. Unless otherwise provided by law, a petition for administrative hearing must be filed with (received by) the District within 21 days of receipt of written notice of agency action. "Written notice" means either actual written notice, or newspaper publication of notice, that the District has taken or intends to take agency action. "Receipt of written notice" is deemed to be the fifth day after the date on which actual notice is deposited in the United States mail, if notice is mailed to you, or the date that actual notice is issued, if sent to you by electronic mail or delivered to you, or the date that notice is published in a newspaper, for those persons to whom the District does not provide actual notice.
2. Pursuant to Subsection 373.427(2)(c), F.S., for notices of intended or proposed agency action on a consolidated application for an environmental resource permit and use of state-owned submerged lands concurrently reviewed by the District, a petition for administrative hearing must be filed with (received by) the District within 14 days of receipt of written notice.
3. Pursuant to Rule 62-532.430, F.A.C., for notices of intent to deny a well construction permit, a petition for administrative hearing must be filed with (received by) the District within 30 days of receipt of written notice of intent to deny.
4. Any person who receives written notice of an agency decision and who fails to file a written request for a hearing within 21 days of receipt or other period as required by law waives the right to request a hearing on such matters.
5. Mediation pursuant to Section 120.573, F.S., to settle an administrative dispute regarding District intended or proposed action is not available prior to the filing of a petition for hearing.
6. A request or petition for administrative hearing must comply with the requirements set forth in Chapter 28-106, F.A.C. A request or petition for a hearing must: (1) explain how the substantial interests of each person requesting the hearing will be affected by the District's intended action or proposed action, (2) state all material facts disputed by the person requesting the hearing or state that there are no material facts in dispute, and (3) otherwise comply with Rules 28-106.201 and 28-106.301, F.A.C. Chapter 28-106, F.A.C. can be viewed at www.flrules.org or at the District's website at www.WaterMatters.org/permits/rules.
7. A petition for administrative hearing is deemed filed upon receipt of the complete petition by the District Agency Clerk at the District's Tampa Service Office during normal business hours, which are 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding District holidays. Filings with the District Agency Clerk may be made by mail, hand-delivery or facsimile transfer (fax). The District does not accept petitions for administrative hearing by electronic mail. Mailed filings must be addressed to, and hand-delivered filings must be delivered to, the Agency Clerk, Southwest Florida Water Management District, 7601 Highway 301 North, Tampa, FL 33637-6759. Faxed filings must be transmitted to the District Agency Clerk at (813) 367-9776. Any petition not received during normal business hours shall be filed as of 8:00 a.m. on the next business day. The District's acceptance of faxed petitions for filing is subject to certain conditions set forth in the District's Statement of Agency Organization and Operation, available for viewing at www.WaterMatters.org/about.

JUDICIAL REVIEW

1. Pursuant to Sections 120.60(3) and 120.68, F.S., a party who is adversely affected by District action may seek judicial review of the District's action. Judicial review shall be sought in the Fifth District Court of Appeal or in the appellate district where a party resides or as otherwise provided by law.
2. All proceedings shall be instituted by filing an original notice of appeal with the District Agency Clerk within 30 days after the rendition of the order being appealed, and a copy of the notice of appeal, accompanied by any filing fees prescribed by law, with the clerk of the court, in accordance with Rules 9.110 and 9.190 of the Florida Rules of Appellate Procedure (Fla. R. App. P.). Pursuant to Fla. R. App. P. 9.020(h), an order is rendered when a signed written order is filed with the clerk of the lower tribunal.

**Re: Proposal for Environmental Consulting Services
Saddle Creek
Proposal #24-0245**

Dear Mr. Bailey:

Horner Environmental Professionals, Inc. (HEP) herein submits this proposal to perform environmental consulting services for the referenced project. Specifically, HEP will perform the following tasks:

- **Installation of thirteen (13) signs around mitigation areas 1-3**

The cost for the above services \$750.00

Invoices will be prepared monthly as a percent complete. If any additional services for unexpected events become necessary, they will be discussed with the Client and added under a separate proposal. This proposal is valid for a period of 30 days from the date of this correspondence. Acceptance of this proposal is acknowledged by your signature below and the return of one signed copy. Please note: this proposal does not include agency/permitting fees.

Please review this information and do not hesitate to contact us if you have any questions.

Sincerely,

HORNER ENVIRONMENTAL PROFESSIONALS, INC.

SECTION C

Saddle Creek Preserve CDD

Field Management Report

March 25th, 2025

Allen Bailey

Field Manager

GMS

Completed

Amenity Erosion

- ✚ There was erosion around a few spots of the amenity
- ✚ These areas have been filled in and should see less erosion.

Drain Erosion

- ✚ The drain coming from the amenity was causing erosion into the pond.
- ✚ This has been filled in, and stones have been used to slow the progress of water.

Completed

Red Loop Erosion

- ✚ The erosion on Red Loop kept persisting.
- ✚ The installation of a drain should prevent continued erosion.

Wetlands Erosion

- ✚ The wetland was causing erosion to the stormwater pond on Tract C
- ✚ This area has been filled in and secured.

In-Progress

Trotters Way Depression

✚ Tucker Paving has received the contract and they are expected to start on 3/25/25

Review

Landscape

✚ The landscape throughout the district is coming back in strongly the more we move into Spring

✚ The bushes along the road have been trimmed to a respectable height.

Review

Ponds

✚ The ponds overall look to be in a healthy state. All vegetation is being treated.

Conclusion

For any questions or comments regarding the above information, please contact me by phone at 407-460-4424 or by email at abailey@gmscfl.com. Thank you.

Respectfully,
Allen Bailey

Audit Committee Meeting

SECTION III

SECTION A

**SADDLE CREEK PRESERVE OF POLK COUNTY COMMUNITY DEVELOPMENT DISTRICT
REQUEST FOR PROPOSALS**

**District Auditing Services for Fiscal Year 2025
Polk County, Florida**

INSTRUCTIONS TO PROPOSERS

SECTION 1. DUE DATE. Sealed proposals must be received no later than **Monday, April 14, 2025 at 5:00 p.m.**, at the offices of Governmental Management Services – Central Florida, LLC, Attn: Monica Virgen/Samantha Ham, District Manager, 219 East Livingston Street, Orlando, Florida 32801.

SECTION 2. FAMILIARITY WITH THE LAW. By submitting a proposal, the Proposer is assumed to be familiar with all federal, state, and local laws, ordinances, rules and regulations that in any manner affect the work. Ignorance on the part of the Proposer will in no way relieve it from responsibility to perform the work covered by the proposal in compliance with all such laws, ordinances and regulations.

SECTION 3. QUALIFICATIONS OF PROPOSER. The contract, if awarded, will only be awarded to a responsible Proposer who is qualified by experience and licensing to do the work specified herein. The Proposer shall submit with its proposal satisfactory evidence of experience in similar work and show that it is fully prepared to complete the work to the satisfaction of the District.

SECTION 4. SUBMISSION OF ONLY ONE PROPOSAL. Proposers shall be disqualified, and their proposals rejected if the District has reason to believe that collusion may exist among the Proposers, the Proposer has defaulted on any previous contract or is in arrears on any previous or existing contract, or for failure to demonstrate proper licensure and business organization.

SECTION 5. SUBMISSION OF PROPOSAL. Submit one (1) original hard copy and one (1) electronic copy of the Proposal Documents, and other requested attachments, at the time and place indicated herein, which shall be enclosed in an opaque sealed envelope, marked with the title “**Auditing Services – Saddle Creek Preserve of Polk County Community Development District**” on the face of it.

SECTION 6. MODIFICATION AND WITHDRAWAL. Proposals may be modified or withdrawn by an appropriate document duly executed and delivered to the place where proposals are to be submitted at any time prior to the time and date the proposals are due. No proposal may be withdrawn after opening for a period of ninety (90) days.

SECTION 7. PROPOSAL DOCUMENTS. The proposal documents shall consist of the notice announcing the request for proposals, these instructions, the Evaluation Criteria Sheet and a proposal with all required documentation pursuant to Section 12 of these instructions (the “Proposal Documents”).

SECTION 8. PROPOSAL. In making its proposal, each Proposer represents that it has read and understands the Proposal Documents and that the proposal is made in accordance therewith.

SECTION 9. BASIS OF AWARD/RIGHT TO REJECT. The District reserves the right to reject any and all proposals, make modifications to the work, and waive any informalities or irregularities in proposals as it is deemed in the best interests of the District.

SECTION 10. CONTRACT AWARD. Within fourteen (14) days of receipt of the Notice of Award from the District, the Proposer shall enter into and execute a Contract (engagement letter) with the District.

SECTION 11. LIMITATION OF LIABILITY. Nothing herein shall be construed as or constitute a waiver of District's limited waiver of liability contained in Section 768.28, *Florida Statutes*, or any other statute or law.

SECTION 12. MISCELLANEOUS. All proposals shall include the following information in addition to any other requirements of the proposal documents.

- A. List position or title of all personnel to perform work on the District audit. Include résumés for each person listed; list years of experience in present position for each party listed and years of related experience.
- B. Describe proposed staffing levels, including résumés with applicable certifications.
- C. Three references from projects of similar size and scope. The Proposer should include information relating to the work it conducted for each reference as well as a name, address and phone number of a contact person.
- D. The cost of the provision of the services under the proposal for Fiscal Year 2025, plus the cost of four (4) annual renewals.
- E. Provide a proposed schedule for performance of the audit.

SECTION 13. PROTESTS. In accordance with the District's Rules of Procedure, any protest regarding the Proposal Documents, must be filed in writing, at the offices of the District Manager, within seventy-two (72) calendar hours (excluding Saturday, Sunday, and state holidays) after the receipt of the Proposal Documents. The formal protest setting forth with particularity the facts and law upon which the protest is based shall be filed within seven (7) calendar days (including Saturday, Sunday, and state holidays) after the initial notice of protest was filed. Failure to timely file a notice of protest or failure to timely file a formal written protest shall constitute a waiver of any right to object or protest with respect to the aforesaid Proposal Documents.

SECTION 14. EVALUATION OF PROPOSALS. The criteria to be used in the evaluation of proposals are presented in the Evaluation Criteria Sheet, contained within the Proposal Documents.

**WALK PRESERVE OF POLK COUNTY COMMUNITY DEVELOPMENT
DISTRICT
AUDITOR SELECTION EVALUATION CRITERIA**

1. Ability of Personnel. (20 Points)

(E.g., geographic location of the firm's headquarters or permanent office in relation to the project; capabilities and experience of key personnel; present ability to manage this project; evaluation of existing workload; proposed staffing levels, etc.)

2. *Proposer's Experience.* (20 Points)

(E.g. past record and experience of the Proposer in similar projects; volume of work previously performed by the firm; past performance for other community development districts in other contracts; character, integrity, reputation of Proposer, etc.)

3. *Understanding of Scope of Work.* (20 Points)

Extent to which the proposal demonstrates an understanding of the District's needs for the services requested.

4. Ability to Furnish the Required Services. (20 Points)

Extent to which the proposal demonstrates the adequacy of Proposer's financial resources and stability as a business entity necessary to complete the services required.

5. Price. (20 Points)

Points will be awarded based upon the lowest total proposal for rendering the services and the reasonableness of the proposal.

TOTAL **(100 Points)**

SECTION B

**SADDLE CREEK PRESERVE OF POLK COUNTY COMMUNITY DEVELOPMENT
DISTRICT
REQUEST FOR PROPOSALS FOR ANNUAL AUDIT SERVICES**

The Saddle Creek Preserve of Polk County Community Development District hereby requests proposals for annual financial auditing services. The proposal must provide for the auditing of the District's financial records for the fiscal year ending September 30, 2025, with an option for four (4) additional annual renewals. The District is a local unit of special-purpose government created under Chapter 190, *Florida Statutes*, for the purpose of financing, constructing, and maintaining public infrastructure. The District is located in Polk County, Florida. The District currently has an operating budget of approximately \$604,543. The final contract will require that, among other things, the audit for the fiscal year ending September 30, 2025, be completed no later than June 1, 2026.

Each auditing entity submitting a proposal must be authorized to do business in Florida; hold all applicable state and federal professional licenses in good standing, including but not limited to a license under Chapter 473, *Florida Statutes*, and be qualified to conduct audits in accordance with "Government Auditing Standards", as adopted by the Florida Board of Accountancy. Audits shall be conducted in accordance with Florida law and particularly section 218.39, *Florida Statutes*, and the rules of the Florida Auditor General.

Proposal packages, which include evaluation criteria and instructions to proposers, are available from the District Manager at the address and telephone number listed below.

Proposers must provide one (1) original hard copy and one (1) electronic copy of their proposal to Governmental Management Services – Central Florida, LLC Attn: Monica Virgen/Samantha Ham, District Manager/Staff, 219 East Livingston Street, Orlando, Florida 32801, in an envelope marked on the outside "**Auditing Services – Saddle Creek Preserve of Polk County Community Development District.**"

Proposals must be received by **5:00 PM on Monday, April 14, 2025**, at the office address listed above. Proposals received after this time will not be eligible for consideration. Please direct all questions regarding this Notice to the District Manager who can be reached at (407) 841-5524.

Monica Virgen, District Manager
Governmental Management Services – Central Florida, LLC
